

# **“Single Together”**

## **Vision:**

Our Vision is to create an opportunity for individuals over 40 and single to find encouragement from each other and hope from God.

## **Values:**

1. We value the development of healthy relationships with others in the single community free from a focus on matchmaking and couples.
2. We value the opportunity to increase our circle of friendship.
3. We value the chance to process the loneliness and loss associated with being single or single-again.

## **Agenda:**

Events include various recreational activities as well as joining together to display God’s love through service to our neighbors and community.

We meet monthly on the 3rd Saturday evening. Location will be announced on our Facebook page.
